### COMMUNITY HIGHLIGHTS

Well, folks, it's getting to that time of year again and our thoughts start to turn to community events and activities that will see us through a long, cold winter. Please watch for notices for meetings to help plan these events. The winter wood supply has been ordered and Carol will likely be calling upon some you to set up a wood-cutting bee. Please try to come out! A few extra bodies will make the work go more quickly.

We have received another kind and generous donation from JOHN and SIGNY CARSON. We have decided to put the money towards a range hood for the stove in the kitchen.

The Local Services Board will be holding their annual budget meeting on Wednesday, October 29, 1997. All are welcome to attend.

**HAPPY HALLOWE'EN TO EVERYBODY!**

Another year has passed.  
The "Bug" is lurking near...  
The flu vaccine has just arrived,  
So please lend us your ear.

The Nursing Station is the place to be,  
On Tuesday's, from 9:00 to 3:00.  
With immunization card in hand,  
Please come and help us make a stand.

To beat the "Bug", we must be quick,  
Or he may try to make you sick.  
The Pneumovax is also here,  
For those of you we missed last year!
